

Dear Parents/Carers

Mathletics tasks and Readwriter spellings have been set and Maths and English work is on the school website. Maths covers time and fractions while the English unit uses Fantastic Mr Fox as a text. Your child will be familiar with this text and will enjoy revisiting it.

We are also recommending that you access the White Rose home learning pages. These will help to support your child's learning. Just google White Rose and then scroll down to find the home learning pages at a level which suits your child.

If you need some help with manipulatives (maths resources) please go to the following website:

mathigon.org/polypad. There are also other parts to the website which we know some of you will enjoy with your children.

Please could you also start (or continue) work on one of the projects set. If we were in school, we would be working on the Romans, so this would be a good one to start with. The work may be presented in any way. Suggestions: 1. Written work on paper in the form of an informative poster, booklet or pamphlet. 2. Models could also be made (possibly using recycled materials) e.g. of a Roman soldier, hypocaust or mosaic. 3. A recording of a news report about your Roman discovery to send into school.

Please find a letter for each class attached.

Penny Goddin & Tracey Smith
