

Dear 3G Children,

I miss you all, especially your smiling faces, laughter and the fun times we have had together. I mostly miss your willingness to learn and to give of your very best. I hope that you are finding time to work and play. If you have mastered a new skill or worked hard on your instrument remember to video yourself or take a photograph for the wall of memories we will create of this unusual time.

We have posted English and Maths on the website, which I hope you have worked through with the support of an adult. There is always Mathletics – the usual tasks and also (under Explore) problem solving and reasoning activities. Weekly spellings are found on Readwriter but please keep going with words on the Year 3 list in addition to these. Remember to work on your Maths Passports, too! Another task will be to work on one of the projects we set you.

Use the time to top-up on things that you struggle to get finished; tidy your room, paint that picture, make that sculpture, learn those tricky times tables, read books and master those tricky spellings! In between, don't forget to sing, dance, kick a ball, workout – do what makes you feel good. I wonder how many of you tried out Joe Wicks on You Tube? There are also lots of other activities to keep you moving – try GoNoodle.

When we all meet again, I would like you to bring in something that you are really proud of. This could be a model, piece of written work or something that you will just want to talk about.

For those of you having birthdays, (including me) I will be thinking of you and singing Happy Birthday – I wish you many happy returns.

Keep safe and remember that these times will go down in your memories to tell your children about one day!

Lots of love,

Mrs Goddin
