

Dear Year 6,

Welcome to Week 7 of your home learning. Again we are so impressed with all the work which has been emailed to us- you are all doing so well. Thank you to those of you who are using the blog. We are enjoying reading your posts and comments.

We were particularly pleased to see that some of 6D have posted their artwork on Lowry on the blog. If you have not posted on the blog yet then we would like everyone to have a go this week. We are expecting you all to use the blog regularly to share your learning.

The blog can be accessed through your Purple Mash login and is on 2blog. Please email us if you need your login details.

Most of you have done well with keeping up with your Mathematics so well done. This week we have set some of you an extra reasoning and problem solving challenge called 'Fractional Relay Races'. We would really like to know how you get on with this. If this does not come up in your assigned folder- we have not set it for your group this week.

We are really pleased with the Lowry artwork you are working on. If you have not already watched the clips here are the links again. Please respond by having a go at a piece of artwork in a Lowry style and using his five colours.

This week we would like you to continue with your science topic on Animal Kingdoms. Please complete Oak Academy lesson 3 on this-

<https://www.thenational.academy/year-6/foundation/what-are-the-different-animal-kingdoms-year-6-wk3-3>

Please continue with the White Rose Maths every day this week. The worksheets and answers can be downloaded from the St Peter's website. The Power Points for the White Rose Maths can be viewed from the White Rose home Learning site.

Please complete the Hamilton English lessons for Week 7. We think you will enjoy the Shaun Tan text. This is the same author who wrote 'The Lost Thing' which you studied in Year 5. The grammar this week looks at pronouns and determiners. All the relevant resources are on the St Peter's website.

Hopefully you have all started your lockdown RE, set by Mrs Marshall last week. We would love to see your illustrated booklets, via email or on the blog.

Well done for keeping up with all your home learning. We know it is not always easy. The most important thing is to do some Maths and English every day and keep up with your reading. There are also the St Peter's home challenges to have a go at. We look forward to you sending us more of your learning this week and just email us if you have any questions or need any help.

Keep safe, keep active, keep reading,

Miss Dawson and Mrs McCann.
