

Dear Children and Parents/Carers,

Hello everyone! Into the 2nd half of our Summer Term we go. We hope you had a good break.

This week's core subjects are as follows.

Maths - White Rose

Follow the link on the Year 3 page. You will also find 2 new **Mathletics** tasks. A big well done to everyone for catching up with these tasks!

English - The Hamilton Trust

New spellings are on Readwriter. Please ask someone to test you when you have learned them - thank you to those who are letting us know what you have scored. Remember there are lots of super games to help you grow more familiar with your spellings to be found on **Readwriter**.

RE

Judaism - Draw a timeline to show significant points in your own life. Start at 0 and go up to 7 or 8 to show one section for each year of your life. You could include birthdays, moving house, starting school, any events you remember. Find out what the main events in a Jewish person's life might be and draw them on a timeline like your own. This link will help you.

<https://www.bbc.co.uk/bitesize/topics/znwhfg8/resources/1>

We hope you have enjoyed accessing your work on **Purple Mash**. You will find your set activities by selecting the 2dos icon in the top left of your home screen. Once done, activities must be saved so that teachers can see and respond to work. We hope you have enjoyed reading your teacher's responses to your work.

Science - (Go to Purple Mash and find 2 activities under the 2dos icon)

Plant and Animal Life - You will be 1. explaining how plants make their own food and 2. writing about plants and animals in the local area.

And for your foundation subjects...

Geography - (Go to Purple Mash and find an activity under the 2dos icon)

Rainforests - Forest floor <https://kids.mongabay.com/elementary/005.html#content>

Beneath the canopy <https://www.youtube.com/watch?v=InT2qpJRpfs> These 3 links will help you with your research but you could also use a book or a child-friendly search engine. Layers of a rainforest <http://www.srl.caltech.edu/personnel/krubal/rainforest/Edit560s6/www/whlayers.html>

French - The Weather

This is a link to 'The French Experiment' site - <https://www.thefrenchexperiment.com/learn-french/weather>

Use the French weather buttons to practise saying the different types of weather. Then, draw each weather type and label them in French (and in English if it helps you to remember). Practise good French pronunciation by listening carefully to the voice on the website and practise them until they are familiar.

Learning for Life

Write down a list of your achievements - things of which you are proud. Then write down mistakes you have made, perhaps 2 or 3 of them. Now record how you can make amends or put right the wrong you did.

Set yourself some personal goals. How will you know when you have achieved these?

*

Some of you may have siblings who are starting back at school this week but we will continue to plan work for you to do at home. Try to find a good, healthy balance between the set work, the St Peter's School Challenges and looking after your emotional, spiritual and physical health.

It has been lovely to see so much of your work. If you would like to write emails to us we will do our best to reply.

Well done with your amazing reading. Remember to organise a reading slot with your friends and family using Zoom, FaceTime or Whats App, on the phone or computer. Please don't panic if you can't get all the work we plan for you finished. Just do your best!

Lots of love and prayers,

Mrs Smith and Mrs Goddin
