

Year 3 Home Learning week beginning 13 July 2020

Geography/English

1. Choose another habitat. Examples could include: Barrier Reef, A country – Rocky Mountains, The Sarah Desert. You will need to research your habitat including the vegetation and animals found there. You can present your information as a poster, mind map, sentences or bullet points. Remember to include drawings of the animals and any specific vegetation.
2. Contrast you habitat with the Rainforest. What is the same and what is different. Write a detailed paragraph.
3. Make a model or detailed drawing of your habitat. You may choose how you want to do this.
4. Remember to send in a photograph of your work.

Maths

Plan a get-together / party with another family. You have a budget of between £100 and £200. How much you spend will depend on how many people there are in total. Your family and one other. You will need to remember to social distance and think about cleaning materials. You may also consider any games you might play, remembering to social distance. You will need to source food and drink. A supermarket website will help you. Think carefully about how you spend your budget.
