

Where do seeds come from?

Start collecting and drying these seeds from items found in your fridge or fruit bowl.

Apple pip

Lemon seed

Cherry seed

Pepper seed

Melon seed

Pumpkin seed

Other things
from your
kitchen you
may be able
to grow

- Garlic clove
- Dried peas
- Mustard seeds
- Sesame seeds
- Bean sprouts
- Orange pip

Once you have retrieved the seed it will need to be dried out on your windowsill, on kitchen roll, once dry save in envelopes, reuse old ones, don't forget to write on each envelope which seeds are inside, Store in a dry place to use later.

Boxes and containers to save for planting seeds
