

A Freeze Frame of Nature

During the February half term I am setting you a challenge of capturing your best winter wildlife photograph. Take your time do not send the first photograph you take, use your daily walks and take lots of pictures of wildlife, then choose your favourite and send to the email below. We will put together in a school video for you all to view.

No people on the photographs, just nature. Please put your child's name on the photograph, if you do not wish for your child's name to be published send with no name.

Inspiration, imagination and creativity!
